Natural Fitness

Clean Oxygen Fed Sport

Starting with the trademark Natural Fitness Series, xzone integrates core fitness with the fresh air experience and a sustainable healthy lifestyle. The program offers a gentle introduction into sports like: nordic walking, core-body strength, yoga, pilates, flexibility, paddling, jogging, biking, skiing, snowshoeing, and martial arts.

For the enthusiastic skier... The Nordic Ski Project is the most comprehensive reference ever produced for nordic skiing and engages the entire snow-sports industry. It is delivered in a progressive series of DVD's for the beginner to expert; capturing the science, art-culture and history of nordic skiing. It is the essential owner's manual for every nordic skier, and an enduring product in a box; for the price of a ski lesson.

The Learn 2 Nordic Ski DVD uses a personal approach to provide an entry for beginners. It includes the highly successful Fundamentals of Cross-Country Skiing, and the Ski Your Best manual by the Canadian Association of Nordic Skiing Instructors for novice to intermediate level skiers.

The technique volume in the Science of Nordic Skiing series represents a clear view to the most current understanding of technique and instruction. The project has engaged key principals, elite skiers, recognized experts and thought-leaders in the sport; consolidated their ideas and arrived at a progressive and highly-effective approach to the technique, which you can apply directly to your skiing and fast-track your development this season.

The training volume reveals the most successful methods of World Class athletes, and is guaranteed to streamline your efforts, build ski specific fitness and deliver tangible results.

The volume of Advanced Moves takes nordic skiing to limits beyond racing and all the things your coach could never show you. Xczone.tv is credited with sparking the Nordix movement, and this is why!

The Art of Nordic Skiing disk contains a compilation of highly stylized short-films defining the pop-culture for the sport. The program appeals to the aficionados amongst us, captures the soul of natural fitness and are absolutely ideal for motivating any group of skiers. Discover the creative process behind xzone.tv and clean oxygen fed sport where athleticism is fused with artistry and bedazzling cinematography. "It is a breathtaking, fast-paced, funny, frequently candid and exhilarating ride on snow."

Hooked on outdoor sports? Then check out the Unlimited Nordic Skiing DVD and further develop natural fitness through a variety of oxygen fed sports spun around nordic skiing. Explore Magazine says that the film captures "skiing's true soul." It was chosen for the Best of the Banff Mountain Film Festival World Tour. The technical content is endorsed by the National Sports Governing Body and adopted for coaching certification.

The Science of Nordic Skiing DVD series provides an in-depth examination of the sports science. It is tailored to engage the skier the more richly, with clever and concise delivery of: technique, training, equipment and advanced moves; in four volumes. These series are intended for intermediate, advanced and expert level skiers, coaches, instructors and for the certification of nordic ski professionals.

The Equipment and Tuning volume takes you from ski selection to the wax box secrets, and racing-winning protocols. The disk is the best advice the ski industry can provide.

The History of Nordic Skiing is a nostalgic and engaging action-documentary. The picture breathes life into rare historic footage with fascinating characters, compelling stories and spectacular ski scenes that truly show the evolution of the sport and a glimpse to the future.
